Parent – Teacher Association Annual report (2020-2021)

17.01.2022

PTA meeting was conducted on 22nd November 2021 for 1st MBBS and 29th and 30th December 2021 for 2nd MBBS, Final MBBS – part 1 and 2. The parents were informed to attend the PTA meet via E- mail and SMS well in advance and get to know regarding their ward's progression. More than 50% of the parents attended the meet. They met each department heads and the faculty informed regarding their ward's performance in theory and Practicals. Parents discussed regarding the improvement of their child performance in the upcoming summative and formative assessments. All the parent's feedback was taken on individual basis. Reminders were sent to those parents who did not attend the meeting. Specific complaints/issues brought forward by the parents shall be forwarded to the respective committees/management for appropriate action.

Some issues discussed at PTA meetings:

- Some students were depressed for not getting the course of their choice.
- Some students found it difficult to come on time as their homes were far away from college.
- Students found it difficult to get adjusted to hostel food.
- Out of station students felt home sick.
- Some students found it difficult to orient to the program.
- Some students found their respective class to be too competitive and felt anxious.
- Students found it difficult to prepare for so many subjects are once.
- Some students had health issues due to which they found it hard to cope up.

Actions taken:

- Counselling was provided to the students who were depressed or' home sick.
- Yoga classes were conducted within the college to help students.
- Mentor mentee meetings were conducted to orient students to the course and discuss and solve their problems.
- The students were made to solve previous years question papers to aid them in preparing for university exams.
- Remedial classes were conducted for slow learners.
- Group studies with advanced learners encouraged.
- Tutorial assignments and make up tests conducted.
- Advanced learners were encouraged to take up research activities and present papers.

Outcome analysis:

The outcome of the meetings in the following years has been:

- Students who in the first year MBBS were depressed and home sick - they began to take an active interest in the course.
- Students who had difficulty in understanding English were able to speak confidently in Practicals with external examiners.
- Students who underperformed due to health/personal issues were improved after giving time and attention.
- Remedial classes have helped the students before they appeared for their examinations.
