Date: 11/08/2022

## PROGRAM REPORT

**Program Name:** "Seminar on ADR"

**Date of activity:** 10/08/2022

**Venue:** Demo Hall-II, Biochemistry, and Microbiology Laboratory

**Organized by:** R&D Cell

**Resource person:** Dr Madhukar Rao P, Assistant Professor, Department of Pharmacology,  
Pratima Institute of Medical Sciences..

**Number of participants:** 89 Students & 12 Faculty

### Objective of the program

The main objective of the seminar is to analyze the clinical characteristics and reporting quality of adverse drug reactions (ADRs) by undergraduate medical students in comparison with physicians' reporting.

### Contents Delivered

We sensitized the second professional year undergraduate medical students about pharmacovigilance and asked them to submit reports of ADR observed during their clinical posting from January to December 2015. We compared students' reports with those sent by physicians (Department of Medicine and Allied Branches, Paediatric, Obstetrics and Gynaecology) of our institute during the same time period. We included ADRs of "certain," "probable," or "possible" categories as per the World Health Organization causality definitions in analysis of both groups. We excluded "unlikely," "unclassified," and "unclassifiable" causality ADRs from the analysis due to questionable association of reactions with suspected drugs. We collected data of demographics, pattern of ADRs, causative drugs, seriousness, other clinical characteristics, and quality of reporting.

## MNR MEDICAL COLLEGE & HOSPITAL

MNR Nagar, Fasalwadi, Sangareddy - 502 294, Sangareddy Dist. Telangana. India

Ph: + 85000 56667, (08455) 230523, 230527, 230524 Fax No. (08455) - 230555, 230533

### Outcome of the program

Students' reported valuable and clinically relevant ADRs. Medical students should be exposed to ADR reporting during their clinical teaching posting and should be actively involved in pharmacovigilance program to improve detection rate.

## PROGRAM REPORT

**Program Name:** "Workshop on sterilization"

**Date of activity:** 13/09/2022

**Venue:** Demo Hall-II, Biochemistry

**Organized by:** ED Cell

**Resource person:** Dr Suresh P, Consultant Microbiologist, Apollo Laboratories, Bangalore.

**Number of participants:** 112 Students & 13 Faculty

### Objective of the program

- Adopt good and safe operating procedures and recording systems
- Prevent unsafe and hazardous acts which could affect individuals and/or properly.
- Prevent equipment errors in measurements.
- Prevent human errors in the performance of the job.

### Contents Delivered

- Management-Responsibilities.
- Sponsor-Responsibilities.
- Study Director-Responsibilities.
- Principal Investigator-Responsibilities.
- Study Personnel-Responsibilities.

### Outcome of the program

The seminar concentrated on the good laboratory practice in sterilization. The importance of sterilization in patients care and also reducing the nosocomial infections. The seminar ended with happy note and take home message of good laboratory practice on sterilization at hospital.

Date: 13/10/2022

## PROGRAM REPORT

**Program Name:** "Seminar on Total quality management in Laboratory"

**Date of activity:** 12/10/2022

**Venue:** Biochemistry Demo Hall 2

**Organized by:** ED Cell

**Resource person:** Dr Ravi Kumar, Lab Consultant, Ministry of Health Hospital Kingdom of Saudi Arabia.

**Number of participants:** 113 Students & 12 Faculty

### Objective of the program

The main objective of the seminar is to make everyone aware and know about the principles of quality assurance, quality control, and quality management are bases for good laboratory results and workings. Every test in the laboratory gives a result. To be sure about the accuracy of the result is not possible until it is verified by some means. It is the quality control that will give confidence about the result. This is the duty of the technicians to be sure about the accuracy of the test result.

### Contents Delivered

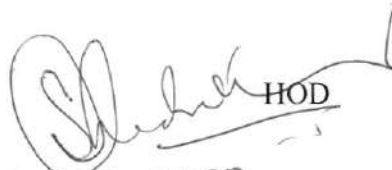

- Control objectives
- Tools used for quality control
- Quality assurance

### Outcome of the program

The seminar conducted on Quality in Clinical Laboratory through which management of quality control can ensure accuracy and precision of both quality and patient results. The focus on trends and biases is a good identification of potential changes in results that can affect accuracy of overall results.

Date: 22/12/2022

## PROGRAM REPORT

**Program Name:** "Workshop on basic statistical analysis"

**Date of activity:** 20/12/2022

**Venue:** Biochemistry Demo Hall 2

**Organized by:** R&D Cell

**Resource person:** Mr Simhadri M, Data Scientist & Lecturer, Aditya Degree College Kakinada.

**Number of participants:** 113 Students & 12 Faculty

### Objective of the program

The main purpose of Statistical Quality Control is to derive statistical techniques which would help us in separating the assignable causes of variation from the chance causes of variation, thus enabling to take actions whenever assignable causes are present in the production process.

### Contents Delivered

- TRAINING METHODOLOGY
- ORGANISATIONAL IMPACT

### Outcome of the program

- A good understanding and extensive practical experience of a range of common analytical techniques and interpretation methods for numerical data
- The ability to recognize which types of analysis are best suited to particular types of problems
- The ability to judge when an applied technique will likely lead to incorrect conclusions
- A good understanding of a wide range of common statistical methods and approaches
- The ability to use Microsoft Excel 2016, 2019 or 365 to analyze and interpret a wide range of real data types
- Experience of how to transform numerical data into evidence and hence how to make informed business decisions

Date: 06/01/2023

## PROGRAM REPORT

**Program Name:** "Workshop on Reference management in research"

**Date of activity:** 05/01/2023

**Venue:** Demo Hall-II, Biochemistry

**Organized by:** R&D Cell

**Resource person:** Dr Anurag Yadav, Assist prof, Department of Biochemistry Father Muller Medical College Mangalore.

**Number of participants:** 97 Students & 12 Faculty

### Objective of the program

The main objective of the program is to know about research methodology and its importance. One of the most important aspects of a thesis, dissertation or research paper is the correct formulation of the aims and objectives. This is because your aims and objectives will establish the scope, depth and direction that your research will ultimately take.

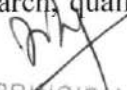

### Contents Delivered

- Understand the assignment
- Choose a research paper topic
- Conduct preliminary research
- Create a research paper outline
- Paragraph structure
- Citing sources

  
**Chairperson**  
Internal Quality Assurance Cell (IQAC)  
MNR Medical College & Hospital

### Outcome of the program

All the participants were welcomed and the event started with good note in the presence of Principal MNR Medical College & Hospital. The Event covered the aspects of the importance of research and research paper writing in medical field. The event also covered the importance of the research, quality of research, research paper writing and publishing in reputed journal. The

Date: 14/03/2023

## PROGRAM REPORT

**Program Name:** "Workshop on proper blood sample technique for Interns"

**Date of activity:** 13/03/2023

**Venue:** Demo Hall-II, and Laboratory Biochemistry

**Organized by:** R&D Cell

**Resource person:** Dr Chandrakumar S, Consultant Pathologist, Lucid Diagnostics,  
Secunderabad

**Number of participants:** 74 Students & 13 Faculty

### Objective of the program

The main objective of the workshop is to make everyone aware and know about the Arterial blood sampling technique.

- Understand what ABG samples measure and how to interpret the result.
- Demonstrate an understanding of the anatomy of arteries.
- Perform and be aware of dangers and complications of this invasive technique.
- To safely work towards competence.

### Contents Delivered

- Arterial Puncture
- Anatomy of arteries
- Complications in doing arterial blood sampling

### Outcome of the program

## PROGRAM REPORT

**Program Name:** "Seminar on Good Laboratory practice"

**Date of activity:** 05/05/2023

**Venue:** Demo Hall-II, Biochemistry

**Organized by:** ED Cell

**Resource person:** Dr Rakesh Dhir, Senior Consultant and Head , Department of General  
Medicine BHEL Hospital, RC Puram Hyderabad

**Number of participants:** 102 Students & 13 Faculty

### Objective of the program

- Adopt good and safe operating procedures and recording systems
- Prevent unsafe and hazardous acts which could affect individuals and/or properly.
- Prevent equipment errors in measurements.
- Prevent human errors in the performance of the job.

### Contents Delivered

- Management-Responsibilities.
- Sponsor-Responsibilities.
- Study Director-Responsibilities.
- Principal Investigator-Responsibilities.
- Study Personnel-Responsibilities.

### Outcome of the program

The students will be able to understand about Good laboratory practices and its basic responsibilities. Good laboratory practice must be followed to ensure the safety and quality of pharmaceutical research. Through the implementation and use of good laboratory practices, studies can be conducted in a manner that complies with good laboratory practice regulations.

Date: 11/03/2022

## PROGRAM REPORT

**Program Name:** "Seminar on Myths and Facts in Cardiology"

**Date of activity:** 09/03/2022

**Venue:** Lecture Hall V

**Organized by:** R&D Cell

**Resource person:** Dr Rajesh Natuva, Consultant Interventional Cardiologist STAR Hospital, Hyderabad

**Number of participants:** 86

### Objective of the program

The main objective of the program is to know about the Myths and Facts in Cardiology that helps to know about what are the assumptions or myths about the cardiac arrests and what are the facts in detail.

### Contents Delivered

- Introduction to Cardiology
- Types of Cardiac Arrests
- Myths about Cardiac arrests
- Facts about Cardiac arrests

### Outcome of the program

The participants of the program will get an idea about the Myths and Facts in Cardiology. This seminar will give the idea about the cardiology and its importance. It also helps to know and aware of the types of cardiac arrests and the problems in cardiology. Resource person clearly explained about the myths or assumptions of cardiology and its facts clearly.

## PROGRAM REPORT

**Program Name:** "Seminar on Hand hygiene among technicians and nurses"

**Date of activity:** 10/06/2022

**Venue:** Demo Hall-II, Biochemistry

**Organized by:** R&D Cell

**Resource person:** Dr Ravi Kumar, Lab Consultant, Ministry of Health Hospital Kingdom of Saudi Arabia.

**Number of participants:** 96 Students & 12 Faculty

### Objective of the program

To assess the level of knowledge and attitude regarding hand hygiene practices amongst the health care professionals and to identify areas of gaps in their knowledge and attitude.

### Contents Delivered

- Introduction
- Materials and methods
- Discussion

### Outcome of the program

Present study highlights the importance of training sessions regarding hand hygiene practices among the residents and staff nurses to provide the current and updated knowledge in the area of nosocomial infections and prevention of infections. It would also translate in a behavioral change of attitudes and practices that would help in reducing the incidence of nosocomial infections.

## PROGRAM REPORT

**Program Name:** "Seminar on IPR"

**Date of activity:** 06/03/2023

**Venue:** Demo Hall-II, Biochemistry

**Organized by:** IPR Cell

**Resource person:** Dr Shaila Parveen, Incubation Centre Manager, Sristi BIRAC Bionest, Ahmedabad

**Number of participants:** 94 Students & 12 Faculty

### Objective of the program

India has made significant strides in competing for Trade Related Intellectual Property Rights (TRIPS) agreements and compliance with US and European Intellectual Property Rights (IPR) structures. The twenty-first century can be referred to as the century of technology, knowledge, and, in fact, the intellectual regime. The country's ability to translate knowledge into wealth-creating innovation will determine its future. Thus, innovation is thought to be the key to transforming knowledge into wealth. As a result, issues concerning the generation, evaluation, protection, and exploitation of intellectual property (IP) would become critically important all over the world.

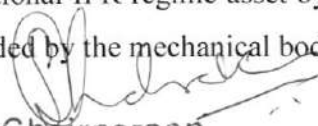

### Contents Delivered

- Provision for registration
- Provision for infringement
- Infringement of patent
- Infringement of patent
- Infringement of copy right

### Outcome of the program

The participants of the program will get an idea that the scope of IPR enforcement is becoming much wider and relevant with global context of international IPR regime asset by the rules of international treaties and conventions and guidelines provided by the mechanical body. It
