Ragging of any form is strictly prohibited; it is totally banned in all MNR Educational Institutions. Any student indulging in such activities will be severely dealt with and attract punishment depending upon the nature and severity of the offense.

An anti-ragging committee approved by the MNR Educational Trust will preside and study the case, if anyone found guilty he/she is liable for appropriate punishment and the committee's verdict is final. Punishment can be in the form of fines and can be expulsion from the college. The students are therefore directed to strictly abstain from any form of ragging.

Say No to
Ragging

All the clauses of the regulations of MCI are followed strictly to implement the Anti-Ragging program at MNR Educational Institutions. We have professional experts for student counseling and guidance. The hostel wardens for men and women always monitor them and enquire about their well-being constantly.

Depending upon the nature and gravity of the offense as established by the anti-ragging committee of the institution, the possible punishments for those found guilty of ragging shall be anyone or any combination of the following:

- Suspension from attending classes and academic privileges for a specified period decided by the anti-ragging committee
- Withholding/withdrawing scholarships/fellowship and other benefits. Debarring from appearing in tests, examinations, and other evaluation processes, and also by withholding results

Annexure – I

The following method was exercised by the Principal office:

- Principal, came to know about the complaint on 21.09.2021, in the midnight at about 12.11 am on telephonic information from anti-ragging helpline
- He rushed to the hostel on the same night and enquired about the culprits, and made phone calls to the parents of the culprits and summoned them on next day morning to his office
- The Anti-Ragging Committee is revised as some members left the college in the recent past.
- An office order was drafted by the Principal to proceed for investigation

The following procedure is adopted by Anti-Ragging Committee:

- Visited the hostel and mess (alleged scene of offence)
- Visited the rooms of alleged culprits and the Junior batch wing
- Scrutinized the register meant for anti-ragging squad visits
- Called the alleged culprits along with their parents and collected their statements
- Suggested the Principal to keep the alleged culprits under suspension and made them to vacate the hostel immediately, so as to conduct unbiased investigation and to strengthen the morals of the suspected victim so as to make him feel safe
- Statements are collected from the all the juniors residing in the hostel

Annexure – II

- There was an alleged ragging complaint lodged in Anti-ragging help line from the student of First year i.e. 2020_21 batch with ARCC/ TS-6787
- It is observed by us that, First year students are residing in the ground floor of the boy's hostel and there is an iron grill to that wing, which will be under lock and its key is under warden's custody from 9.00 pm to 6.00 am, wherein there will not be any access to senior students to junior batch. The juniors are escorted by the security to mess and Medical college and are not left all alone at any point of time
- There are identified faculty, who are residing in the campus including the Principal under the responsibility as anti-ragging squad, who make regular rounds to both Girl's and Boy's hostels in odd hours.
- The details of the Anti-ragging committee and anti-ragging squad with their contact numbers are made available at all prominent places in hostels, medical college and hospital.
- After detail enquiry in to the incidence, it is found that, out of three alleged culprits, Mr. Sucharith reddy joined the hostel on 20.09.2021 afternoon after coming from lockdown.
- The other two alleged culprits (Mr. Arun and Mr. Akhilesh) joined two weeks earlier in to the hostel.
- It is found that, one of the students of First year (2020_21 batch) was called by his senior (Mr. Arun, student of 2019_20 batch)) at the mess and was asked to bring water for him, as the victim was moving towards water cooler and it was witnessed by two other students (both are from Junior batch). The victim got annoyed and informed his parents, in-turn his parents made the complaint to the anti-ragging helpline. The victim is taken in to confidence and given moral courage. (Names of the victim and witnesses are not disclosed, as it is suggested by the Anti-Ragging helpline)
- It appears that, the complaint made is frivolous, and made under rage by the victim and his parents, as there is no scope for the seniors and juniors to mix up in the hostel to make the juniors dance or sit-ups.
- The college was reopened on 03.09.2021 after lockdown period and there are no project works given to the senior batch, since the physical classes have started recently. Hence forcing the juniors to complete the project works of seniors is not possible.
- However, to curtail the menace of ragging, the alleged culprits should be punished to deter others from indulging even in such trivial activities.
