Report of Professional Development Program

Title of the program : Basic skills for using Computer
Date(s) : 30.06.2021
Resource person : Dr.Anurag Yadav, Asst prof, Biochemistry

A Professional Development Program on "Basic skills for using Computer" was conducted by the department of Biochemistry, MNR Medical College & Hospital on 30th June 2021. Dr.Anurag Yadav, Asst prof, Department of Biochemistry was delivered a talk on Basic skills for using Computer.

The main objective of this program was to give enrichment of commuting knowledge to the doctors. The usage of computer is important in day-to-day work. Knowledge of how to access and use the internet opens up a variety of possibilities to communicate with people to people. Instant messaging, e-mail and social media are all computer-based ways to communicate with people. Knowledge on correct e-mail etiquette and when it was appropriate to communicate via social media are invaluable soft skills that look for computer- based communication. Dr.Anurag Yadav has also gave his power point presentation on Basic skills for using Computer during his presentation he has explained how to use Microsoft word, Microsoft Excel, Microsoft Powerpoint.

28 participants from various departments are participated in this program.

Date 2020-09-21 10:41

Dear all, let me thank wholeheartedly each one of you for all the support you have extended for conducting four CISP II online webinars successfully. Though it was an herculean task but could complete the program across all the 33 colleges affiliated to Regional Center.

In this regard i want to remind you all that you are now eligible to conduct CISP II workshop for the faculty of your college. It has been suggested by the expert group that established colleges who could not conduct CISP I and those colleges which have started functioning since last academic year will have to conduct CISP II for their faculty. The ratio of the participants would be as follows

Pre Clinical 5
Para Clinical 15
Clinical
Medicine & Allied 5
Surgery & Allied 5
Total 30

Minimum number of faculty required to conduct CISP II is twenty and maximum is thirty and faculty who have already done CISP I are not eligible to register for CISP II. Exemption has been given to register for this workshop even if the faculty have not participated in RBCW/ AETCOM earlier. It is important to note that these faculty will be receiving their CISP II certificate only after completing RBCW only.

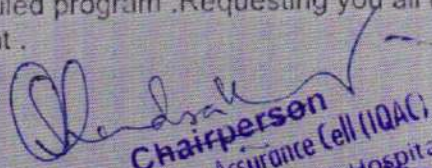

These programmes can be scheduled BEFORE 31ST OCTOBER in your respective colleges maintaining social distance. Proposals to conduct these CISP II workshops need to have the following documents attached

- 1) LIST OF PARTICIPANTS IN DMMP FORMAT (Microsoft Excel only)
- 2) LIST OF RESOURCE FACULTY FOR CISP II (Assistant Professors are not eligible to be Resource faculty)
- 3) SCIENTIFIC PROGRAM with list of Resource Faculty
- 4) LIST OF CURRICULUM COMMITTEE MEMBERS
- 5) MEU RESOURCE FACULTY

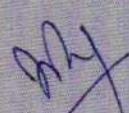

The resource faculty for the above workshop should have completed CISP I and at least two of them need to have attended CISP II online webinar. There need to be minimum of five resource faculty who have undergone CISP I /CISP from your own college to become eligible to conduct the above program

All these documents need to be processed and send to MCI to obtain permission at least 15 days prior to the scheduled program. Requesting you all to plan accordingly and send me the documents in the correct format.

Thank You,

Chairperson
Internal Quality Assurance Cell (IQAC)
